B.Tech Information Technology student with a strong foundation in **Data Structures and Algorithms (C++)**. Built and shipped **React and JavaScript web applications**, including a movie discovery platform and a Smart India Hackathon project, with working knowledge of **Linux, GCP and cybersecurity**. Backed by proven leadership and mentoring experience.

SKILLS

- **Programming Languages:** C, C++, Python
- **Core Areas:** Data Structures and Algorithms (DSA), Object-Oriented Programming (OOP), Linux, Problem Solving
- **Web Development:** HTML5, CSS3, JavaScript, React Framework, Tailwind CSS
- **Cloud & Tools:** Google Cloud Platform (GCP), Git, GitHub
- **Security:** Hack The Box, SOC Fundamentals, Linux Security
- **Other Skills:** Project Management, Leadership, Mentoring

PROJECTS

Movie Search Engine | React, Tailwind CSS, TMDB API
- Built a responsive movie search and discovery web app with React and Tailwind CSS, featuring real-time, debounced search with the TMDB API
- Implemented detailed movie pages with posters, ratings and plot summaries, skeleton loading states, pagination and a localStorage-based favorites/watchlist feature

Personal Portfolio | HTML, CSS, JavaScript
- Built a responsive, single-page portfolio using vanilla HTML, CSS and JavaScript with a glassmorphic dark design to showcase skills and projects
- Implemented sticky navigation, smooth scrolling, scroll-triggered fade animations and a locally-saved red/blue theme switcher

Sand Sight | HTML, CSS, JavaScript
- Developed a responsive, informative website using HTML and CSS for Smart India Hackathon (SIH) Problem Statement 37 on camera-based automated sand grain size mapping
- Designed UI sections covering the problem statement, solution approach, analysis, sample data and environmental impact for a low-cost measurement solution

WORK EXPERIENCE

Jyoti Club – Teacher | Jalpaiguri, India | Aug 2024 – Oct 2025
- Taught underprivileged students and supported their academic development across multiple subjects
- Strengthened communication, mentoring and leadership skills through regular, collaborative student-focused teaching

ACHIEVEMENTS & ACTIVITIES

- **200+ LeetCode problems** solved with a 1490 contest rating
- **1185 rating** on Codeforces
- **Student Member**, Indian Society for Technical Education (ISTE)

CERTIFICATIONS

- Google Cloud Platform (GCP) – Cloud Computing | Hack The Box – Penetration Testing and Cybersecurity, and SOC Level I | Udemy & YouTube – Python

EDUCATION

- **Bachelor of Technology – Information Technology** | Jalpaiguri Government Engineering College | Aug 2024 – Present | *Current SGPA: 9.00 (3rd Sem)*
- **Ramakrishna Mission Vidyabhavan – Higher Secondary** | Secondary and Higher Secondary education, Grade A | *Aug 2017 – Mar 2023*
